10:30 am – 12:00 pm	Breakout Sessions	Rooms 202 to 208 and Ballrooms 1 & 2

KEMA Mission and Vision

The **MISSION** of the Keystone Emergency Management Association (KEMA) is to promote, support, and advocate comprehensive emergency management at all levels of Pennsylvania’s public and private sectors.

The **VISION** of the Keystone Emergency Management Association is that KEMA shall be recognized by the Pennsylvania emergency management community as a results-driven organization of emergency management professionals dedicated to protecting lives and property from both human-caused and natural disasters.

Disclaimers

Please note that conference courses and faculty are subject to change without notice. While we strive to ensure that the program remains as advertised, unforeseen circumstances may necessitate alterations to the schedule. In the event that a course is changed, the event organizers will make every effort to secure a suitable replacement with similar subject matter.

Photographs and videos will be taken during the **Pennsylvania Emergency Preparedness and Homeland Security Conference**. By registering for the conference and participating in the sponsored classes, events, and activities, as well as visiting the convention center and/or exhibitors, you acknowledge and consent to the use of your image, audio, or video recording by the Keystone Emergency Management Association for marketing purposes. Please note that you will not be entitled to any compensation for the use of your image, audio, or video recording.

We appreciate your cooperation and look forward to your participation in the conference.

Developing COVID-19  After-Action Reporting and Improvement Plans

Kelly R. McKinney, PE, CBCP

As the former Deputy Commissioner at the New York City Office of Emergency Management and Chief Disaster Officer for the American Red Cross in Greater New York, Kelly McKinney has had a leadership role in every major disaster in New York City for more than 20 years, from the 9/11 attacks to Superstorm Sandy to Covid-19.

Currently, he is Assistant Vice President of Emergency Management and Enterprise Resilience at NYU Langone Health in New York City.

He teaches crisis management at NYU and was recently appointed to FEMA's National Advisory Council.

Nationally known for his writing and speaking on the principles and practice of disaster management, he is the author of "Moment of Truth, the Nature of Catastrophes and How to Prepare for Them."

His 5-minute video, The Essential Emergency Manager, has been viewed more than 110,000 times on YouTube.

He is the founding principal of Emergency Management Americas, a 501c3 nonprofit with a mission to advance the profession and practice of emergency management.

He is a professional engineer with a BS in mechanical engineering from the University of Kansas and an MPA from Columbia University in the City of New York.

He is a board member of the All-Hazards Consortium and of the Urban Assembly School for Emergency Management in New York City.

Please tag the KEMA Conference using the hashtag #KEMACon2023 for any of your Conference posts and photographs!

Solutions for an unsafe world.™

Director Marcus Coleman, Jr.

Marcus Coleman, Jr. has served as the Director of the DHS Center for Faith-Based and Neighborhood Partnerships since August 2021. The focus of the Center is to foster partnerships between government and faith-based organizations.

Director Coleman began working for FEMA in 2010 as the program manager for the Individual and Community Preparedness Division. There he worked to create partnerships that represented both the public and private sectors. He continued this work when he began working at the DHS Partnerships Center in 2013.

During his time at the DHS Partnerships Center, Coleman supported more than 15 disaster activations and special mission responses. This included responding to hurricanes Harvey, Irma, and Maria, the 2015 influx of unaccompanied children, and post-incident national outreach and messaging after several active shooter incidents. In 2016, he won a FEMA Administrator's Award for the work he did to encourage collaboration between faith leaders and first responders. These efforts resulted in emergency operation plans that safeguarded houses of worship. His role extended beyond FEMA to coordination with federal interagency partners and DHS components.

Coleman's portfolio of work includes co-developing FEMA's guidance for Engaging Faith-based and Community Organizations: Planning Considerations for Emergency Managers and contributing to FEMA's course on Religious and Cultural Literacy and Competency in Disasters. In his own community, he serves as Advisory Board Member of the Institute for Diversity and Inclusion in Emergency Management, a Board Member for National Institute of Civic Discourse and Fair Chance DC and is a member of the Truman National Security Project.

As the Director of the DHS Partnerships Center, Director Coleman leads the linkage of houses of worship, faith-based organizations, and non-governmental organizations with DHS components to promote equitable access to resilience, preparedness, safety, and security.

Conference Partners

We sincerely thank our conference partners for their invaluable support and contribution towards making this event a resounding success.

Notices

Please ensure that any noise-producing items, such as phones, radios, pagers, or other electronic devices, are either turned off or set to silent mode while classes are in session.

To protect the privacy of our faculty members and their intellectual property, please note that any video or audio recording of classes or faculty is strictly prohibited without the explicit consent of the faculty member and the conference management.

Only Service Animals, as defined by the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act, and Pennsylvania 2018 Act 118 (Assistance and Service Animal Integrity Act), are permitted inside the Convention Center during the event. *Please note that 'therapy,' 'assistance,' or 'emotional support' animals do not meet the definition of Service Animals and are not permitted.*

Katie Murphy

Katie Murphy is the Senior Manager of Business Continuity at C&S Wholesale Grocers. She monitors threats to the supply chain, coordinates inter-department planning and responses, and coordinates with government partners at the local, state, and federal level to support the food supply chain. Over the past four years she has coordinated responses to over 150 incidents across the United States for a range of hazards, including hurricanes, winter storms, utility incidents, labor issues, internal disruptions, and COVID-19.

Prior to joining C&S Wholesale Grocers, she served as the Emergency Operations Center Director at NYC Emergency Management. In this role, she coordinated internal response teams, managed trainings, and exercises, and facilitated post-incident debriefs and improvement planning processes. As EOC Director, Katie restructured operations to better support impacted communities and responders in the field and launched the agency's annual EOC exercise series; she also fostered emergency management learning across the agency via work groups, mentoring, and competency models.

In addition, she has worked as a responder for the American Red Cross of Greater New York and consulted for The Chertoff Group.

Katie earned her MPH from Tulane University's School of Public Health and Tropical Medicine, focusing on international health and development. She is also a FEMA-certified Master Exercise Practitioner, and a DRI International Certified Business Continuity Professional.

Equipment Display

In the lower parking lot PEMA, PA Helicopter Aquatic Rescue Team (PA-HART), PA Special Medical Assistance Team (PA-SMAT), PA State Animal Response Team (PA-SART) and the Mennonite Disaster Services have various equipment on display for all attendees. Please be sure to visit their displays during the Conference on Monday (10:30 AM to 4:00 PM) and Tuesday (8:30 AM to 11:30 AM).
